and white. 4 for 90c.

BEGINNER'S COLLECTION of Rock Garden Perennials

Our own selection of labeled varieties (in-
cluding many higher priced kinds) from the pre-
ceding 1956 general list of plants (no bulbs).
Specify where plants are to be used - in rock
garden, in dry wall, in low flower border or between
stepping stones. Also state whether for sun or
shade or both. See Conditions of Sale for postage.

- 12 plants (1 each of 12 different varieties) \$4.70
24 plants (2 each of 12 different varieties) \$8.70
36 plants (3 each of 12 different varieties) \$12.90

ASSORTMENT SPECIAL

| <i>Campanula carpatica</i> | <i>Thymus ser. coccineus</i> |

**THE JAMES MITCHELL NURSERIES
RARE ROCK PLANT COLLECTION
at a new location in Barre, Vermont**

The Mitchell Nurseries, Barre, Vt., sent out its final rock plant catalog in 1955. Because of my advanced age (81), I have sold a large part of my stock to Donald Allen, owner of Sky-Cleft Gardens, Barre, Vt. It gives me great pleasure to recommend him and his plants to all past customers of Mitchell Nurseries.

Donald is a young man and his nursery shows him to be a good gardener. I hope and believe that in a few years Sky-Cleft Gardens will fill the place long held by Mitchell Nurseries as America's leading rock plant growers.

When you order from Sky-Cleft Gardens you may rest assured that you will receive good rugged plants grown in the "Cold-Country," wintered outdoors and true to name.

James E. Mitchell
Founder and owner of
Mitchell Nurseries
